NotKnock®

Advanced Formula Octane Additive

21st Century Technology developed in America by West River Chemicals

Technical Information

Antiknock Action

NotKnock suppresses knocking originated by inferior fuel quality in gasoline engines.

Efficiency Optimizer

Engine performance improves considerably as gasoline burns efficiently with NotKnock. Octane output is boosted to optimum levels, rejuvenating the performance of engines.

Mileage Enhancer

NotKnock reduces wasteful fuel consumption, increasing mileage between 5 to 15 %, depending on engine and driving conditions.

Emission Suppressor

Undesirable by-products of incomplete fuel combustion, such as smoke and volatiles, are reduced drastically with NotKnock.

Recommended Usage

Mix Two to Three ounces of **NotKnock** per Eight to Twelve gallons of gasoline.

Unused NotKnock should be kept closed and water-free in its original plastic container.

WARNING: *This is a flammable product and should be handled with all due care.*

Availability

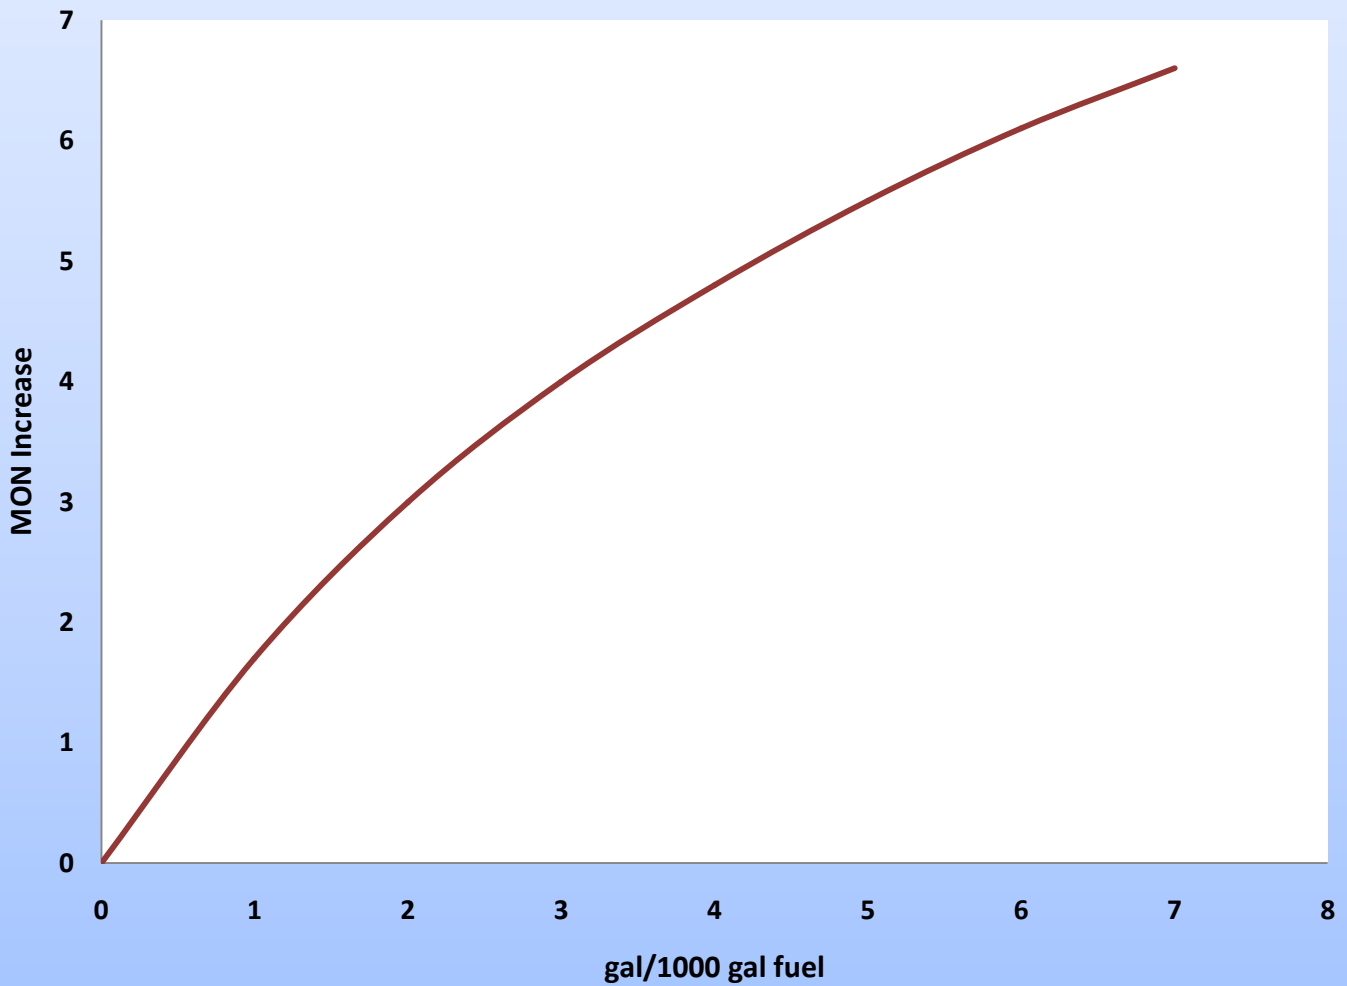

NotKnock is available in 5 gallons tall boys, single gallon containers, and ready-to-use 2 fluid ounce bottles.
